

HOW TO USE THE PRINTABLE RESOURCES

Thank you so much for purchasing *Christlike Attributes; A Family Character Study Guide*. These printables are for your use as you study the characteristics of Christ.

Affirmations: Each affirmation will print as a full 8.5x11 page. You can hang it somewhere in your home that you see regularly, on the fridge for example. Each day, recite the affirmation as a family. If you study one Attribute every month, you may not memorize the affirmation before moving on to the next one- but we hope that you will use this guide over and over. Over the years, these truths will be planted deep in your family's hearts- even if they are not memorized.

Scripture Cards: If your family is dedicated to memorizing the scripture verses suggested in each Attribute, you can use the scripture cards to assist you. We recommend printing them on heavy cardstock or on lightweight paper that is then laminated. Print on 8.5x11 pages and then cut into fourths, to create a deck of memory cards. Additional scripture cards for memory work can be purchased inexpensively on our website.

Poetry and Hymn Pages: If you are memorizing poetry or hymns for the Attribute that your family is studying, you can print copies for every member of your family and keep them together in a folder. There are not printables of every poem, because a few are still under copyright or too long to memorize- but they can all be read online.

If you purchased copies of *Christlike Attributes* as a gift, we encourage you to send this printable bundle to whomever will be using the book. But if you have purchased *Christlike Attributes* for yourself, we ask that you do not share these pdfs. You may print as many copies as you would like.

Thank you again for your support and love,
Graceann & Becky
